This year's theme is "Respecting Foundations: Renovation through Preservation" and is very fitting as the hotel is being completely renovated, much like Developmental Education is being renovated in Texas. As anyone with a basic understanding of renovations knows, the respect of foundations is critical to the success of a renovation.

Come to El Paso and share how your classroom and institution is respecting foundations through preservation while renovating programs such as co-requisite models. Topics to consider for this conference include, but are not limited to:

ABE- Adult Basic Education & High School to College Partnerships

Developmental Math

Developmental English/Integrated Reading and Writing

First Year Experience & Learning Framework Courses

Learning Support

Research (Three 15 minute presentations within each session followed by Q&A)

New Technology, Innovation, and Co-Requisite Model

Go to [Google Docs](#) to submit the full proposal by April 15.
